### Core Commitments

<table>
<thead>
<tr>
<th>Commitment</th>
<th>Core Responsibility</th>

</table>
Commit to a new way of working that meets people's immediate humanitarian needs, while at the same time reducing risk and vulnerability over multiple years through the achievement of collective outcomes. To achieve this, commit to the following: a) Anticipate, Do Not Wait: to invest in risk analysis and to incentivize early action in order to minimize the impact and frequency of known risks and hazards on people. b) Reinforce, Do Not Replace: to support and invest in local, national and regional leadership, capacity strengthening and response systems, avoiding duplicative international mechanisms wherever possible. c) Preserve and retain emergency capacity: to deliver predictable and flexible urgent and life-saving assistance and protection in accordance with humanitarian principles. d) Transcend Humanitarian-Development Divides: work together, toward collective outcomes that ensure humanitarian needs are met, while at the same time reducing risk and vulnerability over multiple years and based on the comparative advantage of a diverse range of actors. The primacy of humanitarian principles will continue to underpin humanitarian action.

Change People's Lives: From Delivering Aid to Ending Need

Commit to reinforce national and local leadership and capacities in managing disaster and climate-related risks through strengthened preparedness and predictable response and recovery arrangements.

Change People's Lives: From Delivering Aid to Ending Need

Commit to increase investment in building community resilience as a critical first line of response, with the full and effective participation of women.

Change People's Lives: From Delivering Aid to Ending Need

Commit to increase substantially and diversify global support and share of resources for humanitarian assistance aimed to address the differentiated needs of populations affected by humanitarian crises in fragile situations and complex emergencies, including increasing cash-based programming in situations where relevant.

Change People's Lives: From Delivering Aid to Ending Need Invest in Humanity

Commit to empower national and local humanitarian action by increasing the share of financing accessible to local and national humanitarian actors and supporting the enhancement of their national delivery systems, capacities and preparedness planning.

Change People's Lives: From Delivering Aid to Ending Need Invest in Humanity

Where did your organization stand on these issues prior to making these commitments

The majority of Catholic Relief Services commitments are designed to have an impact at the “practice” and “behavior change” levels. However, we also expect our work at the practice level to inform policy - especially policies related to accountability, protection and cash. The main areas of focus based on the commitments above, as well as the Grand Bargain work streams include localization, cash coordination and scale-up, and accountability to affected populations (i.e. participation revolution).

Achievements at a glance

Catholic Relief Services achievements:

Localization:
* 2016 (FY): 1,962 local partners, USD 295 million in sub grants to local partners, USD 26 million in capacity strengthening.

Cash Coordination and Cash at Scale:
* Co-Champion of NGO Cash Platform and member of CaLP TWG
* Internal Cash Working Group
* Investment in building staff and partner cash readiness
* Framework agreement signed to develop Cash Asset Transfer system that will provide information on our C&V programming globally
* Over 31 million in cash/voucher programming in 2016 in 45 countries

Accountability/Participation:
* Collaboration with other Caritas International members to build capacity in protection mainstreaming of CRS and Partners (in line with GPC definition of PM, IASC protection policy, and CHS)
* MEAL Policy that requires beneficiary feedback mechanisms
* Investment in coordination leadership with a focus on coordination systems relevant to context and that promote local leadership

**How is your organization assessing progress**

Catholic Relief Services assess progress by
* Measuring global value/scale of CTP through CAT system.
* Data from use of Institute for capacity strengthening.
* Study outcomes - impact of capacity strengthening and CTP efficiency/effectiveness.

**Challenges faced in implementation**

* Resources needed beyond Catholic Relief Services' private resources.
* MEAL for capacity strengthening - ability to measure impact on program quality of partner programs.
* Segregating data by type of local partner (for localization), type of asset transfer (for cash programming) under current systems.
* Ability to influence "standard" humanitarian infrastructure for coordination.

**Next step to advance implementation in 2017**

Catholic Relief Services will continue with efforts outlined above.

**If you had one message for the annual report on what is most needed to advance the transformation Reinforce, do not replace, national and local systems , what would it be**

There needs to be a greater investment in/measurement of impact on programmatic outcomes of building quality partnerships between local and international organizations that benefit from respective capacities.
